

# SOMERSET ISD STEM LABS OPEN HOUSE

**SOMERSET, TX** – Somerset ISD is partnering with PITSCO Education to usher in a new era of learning for Bulldog students! A pair of STEM Labs will debut this semester at Somerset High School and Somerset Jr. High. The public is invited to experience an active lab during big Open House events at both campuses on February 26-27.

STEM education integrates Science, Technology, Engineering, and Mathematics and employs the skills of the 21st century learner. These are the essential skills students will need to be equipped with in order to secure and succeed in careers in the ever-changing marketplace.

The Open House events are free and open to the public. Students will demonstrate activities in the STEM lab, which are equipped with curriculum developed by PITSCO Education and project-based STEM activities. The lab is a cooperative, interactive learning experience that enables students to learn valuable communication and teamwork skills while exploring all STEM subjects and related careers.

The **primary** Stem Lab Open House will be hosted by Somerset High School:

**WHAT:** STEM Lab Open House  
**WHEN:** Wednesday, February 26  
6:30 PM – 8:00 PM  
**WHERE:** Somerset High School  
7650 S. Loop 1604  
Somerset, TX 78069

The next day, the Jr. High School will host their STEM Lab Open House:

**WHAT:** STEM Lab Open House  
**WHEN:** Thursday, February 27  
6:00 PM – 7:00 PM  
**WHERE:** Somerset Jr. High School  
4730 W. Loop 1604  
Von Ormy, TX 78073

According to Somerset ISD STEM contacts, the curriculum used at Somerset High School and Somerset Jr. High engages students to learn in a hands-on, cooperative, and career-focused environment. This exciting 21st century curriculum has more real-time relevance for the Bulldog students today, with significant conceptual depth to carry them into their future!
